

## Paul Harris Fellow Recognition Luncheon

The San Marino Rotary Foundation Committee thanks you for your support of The Rotary International Foundation. Your generosity has enabled San Marino Rotary to exceed one million dollars in contributions.

Through the Paul Harris Fellow program, students from the community have attended universities abroad as graduate students and have served as Ambassadors for the American Way of Life. The Global Grant Scholarship Program provided by Rotary International exceeds in number and individual support any other public or private scholarship program in the world. The Rotary International Foundation has been successful in eliminating polio in all but two countries.

---

We have good reason to celebrate our past efforts and our continuing commitments by honoring our newest Paul Harris Fellow Honoree:

Dick Durant

He joins 67 others honored as Paul Harris Fellows,  
who are committed to "Service Above Self."

The Rotary Club of San Marino  
cordially invites you to attend the 39th
