

## San Marino Rotary Chili Cook-off

February 18, 2021

**Chilli** is the Nahuatl word for the fruit of capsicum plants first cultivated in northeastern Mexico 6,000 years ago. Christopher Columbus brought the chili found in the Caribbean to Europe. Later in the 15<sup>th</sup> century Portuguese traders brought them to Asia and Africa.

Prepare your recipes and taste buds for the annual **San Marino Rotary Chili Cook-off** that will be held February 18, 2021. Whose chili will win this international competition? Will it be the chefs from the San Marino Police or Fire Department, or a cook who can dish up the heat?

To prepare for this event, we would like volunteers:

- To be a member of the organizing committee
- To be a Judge
- To prepare your favorite chili dish
